

## Interested in Holding Staff Safety Training at Your Own Location?....

# ACUTE has you covered!

In addition to training offered at their Waterloo, Ontario training facility, ACUTE Safety Training is also able to travel to your business location and conduct training and/or consulting services at preferred OABA pricing. The list below is a sample of training offered, however, ACUTE can also develop customized training based on specific OABA member needs.

Give **Rob McManus** at ACUTE Safety Training a call (519-747-5075) or drop him an email ([rmcmanus@acuteservices.com](mailto:rmcmanus@acuteservices.com)) to discuss your 'in-house' training needs!

The above safety training sessions will include both in-class theory as well as practical hands-on training as applicable. These courses are estimated at 2, 4 or 8 hours. Due to class discussion and experience of participants, the course timing is subject to some variability. To aid in the learning objectives, ACUTE requests any relevant policies and procedures be provided, if applicable, prior to the training date. ACUTE will supply the training guide, quiz, various visual aids, certificates of training, and wallet cards.
